Election/Restrictions

An amendment of 2/3/05 canceled claims 1-12, amended claims 13-15, and added new claims 16-26.

Claims in the application are 13-26.

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 13, 14 and 16-25, drawn to a method of forming tissue on a bio-membrane including crystalline beta-form fibroin.

Group II, claim(s) 15 and 26, drawn to a method for production of a substrate by a method that involves using lithium bromide, a porous ceramic filter, a membrane with a 3500 molecular weight cut-off, polystyrene containers and methanol.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

the special technical feature of Group I is producing tissue on a bio-membrane including crystalline beta-form fibroin, whereas, the special technical feature of Group II is a method for production of a substrate by a method that involves using lithium bromide, a porous ceramic filter, a membrane with a 3500 molecular weight cut-off, polystyrene containers and methanol. The special technical feature of I is not required by II, and the special technical feature of II is not required by

I. The invention of I can be performed without performing the invention of II, and the converse.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
